

victories as head basketball coach at Central High School in Allentown, FL, located in my district in northwest Florida.

Coach Mac himself graduated in 1969 from Allentown School, one of three schools that would come to be known as Central High School. After graduating, he went on to honorably serve his country for 4 years in the United States Air Force at Eglin Air Force Base, not far from home. During his time in the service, Tony was able to come back to Allentown and watch the basketball games, developing a stronger desire to return and coach at the spirited school.

After the Air Force, Tony stayed in northwest Florida and attended the University of West Florida, graduating from there in 1977. It was shortly after this graduation that he returned to become the Junior Varsity Basketball coach at his alma mater of Allentown High School. A year later, he became head coach, a position he stayed with for three seasons. Tony left for rival Milton High School to serve as their head basketball coach for the following season.

Tony's heart was always with his alma mater, though, and soon enough he returned once again to Allentown School. By the time the 1985–86 basketball season kicked off with Coach at the helm, Allentown School had consolidated with Chumuckla School and Munson School, and the high school sections became Central High School, and under this name Tony would coach his students for the next 22 seasons, having a banner career in the process.

For six seasons during those early years at Central, Coach Mac was in charge of both the boys' and girls' teams, and was able to bring the girls' team their first winning season. Every day was another challenge to better his students, and many acknowledge how well he motivated them. What many rival schools noted was Coach Mac's ability to turn a small squad into a basketball powerhouse. While many other schools had teams of several more players, Central's smaller squads continued to play tireless games. While the energy that Coach Mac put into his players was a great factor, so was the energy they gave back to their dedicated coach. Coach's energy also carries into the classroom, where he teaches both geography and American history. It would be difficult to find someone more committed to helping students than Tony McDonald.

Reaching 500 career wins was a milestone in itself, so it was with even more excitement that Coach Mac reached his 600th career win on January 16, 2007. Given the devotion to his players on and off the court, it should not come as a big surprise. During his time as head coach, he has led the team to nine play-off appearances and five district championships. In fact, a sixth district championship this season is not out of the realm of possibility.

Coach McDonald has set a high standard in his dedication to his work and his devotion to his students. A benchmark has been established for many other high school coaches. Coaches serve as role models for students, and Coach Mac has without a doubt been a great role model for those that played for him. Madam Speaker, on behalf of the United States Congress, it is a great honor for me to congratulate Coach Tony "Mac" McDonald for over 20 years of dedication to his high school students and an amazing 600 career wins as head coach of Central High School.

IN MEMORY OF WALTER
SHERIDAN HARPOOL

HON. MICHAEL C. BURGESS

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Monday, February 5, 2007

Mr. BURGESS. Madam Speaker, I rise today to honor Mr. Walter Sheridan Harpool of Denton, Texas, who passed away at 84 years of age on Sunday, January 28, 2007.

Mr. Walter Harpool, also known as "Pinky", was born in Hebron, Texas on February 14, 1922 to Josephine and R.T. Harpool. The family moved to Denton, Texas in 1928, and later started the company Harpool Seed, Inc. Created in 1962, Harpool Fertilizer Co. was the first independent bulk blending plant for fertilizer in Texas.

Mr. Harpool served in the Army Air Force during World War II. After training at Santa Ana, King City and Lancaster, CA, he received his wings at Phoenix, AZ. He became a flight instructor at Perrin Field, Sherman, TX, and then took B-18 training at Sebring, FL. Mr. Harpool was later stationed at Langley Field as a pilot for radar students.

Due to his dedication and passion for agriculture and agribusiness, he was honored as Man of the Year in Texas Agriculture in 1987, and in 1998 was name Conservation Businessman of the Year. He had a fine interest in farm production and improvement, and regularly donated materials such as seed and fertilizer for agriculture research and demonstrations across the state of Texas. Not only did he serve as Chairman of the Denton County Program Building Committee, where he worked with numerous crop and livestock committees, but he also served on the State Board of Agriculture during Governor Bill Clements administration. Mr. Walter Harpool was an avid supporter of many civic functions, such as the Denton Youth Fair, the North Texas State Fair, United Way, and the Denton Chamber of Commerce.

In 1987 Mr. Harpool bought and renovated an old train caboose, which he used as his office. He enjoyed the occasions on which his friends and customers would drop by to visit him. His outstanding and honest character continued to delight those he came into contact with. Despite his life as a strong businessman, taking care of his family held the utmost importance to Mr. Harpool. He showered them with love and devotion, and took pride in providing for them.

Mr. Walter Sheridan Harpool is survived by his wife, Rose Harpool, his son, Walter S. Harpool, Jr., and his brother, Tom Harpool. I extend my sincerest sympathies to his family and friends, and I am honored to have been able to represent such a remarkable man.

HONORING THE DEDICATION OF
THE KEISER FAMILY

HON. ALCEE L. HASTINGS

OF FLORIDA

IN THE HOUSE OF REPRESENTATIVES

Monday, February 5, 2007

Mr. HASTINGS of Florida. Madam Speaker, I rise today to honor the hard work and commitment of the Keiser family. Evelyn Keiser was born in Philadelphia, Pennsylvania and

graduated from Temple University. She was one of the first women in the United States to receive a Bachelors Degree in Medical Technology.

Evelyn Keiser moved to south Florida in 1961 and co-founded Keiser College in 1977. Art & Belinda Keiser, along with Evelyn, have continued to serve our community by providing superior education through Keiser College, now known as Keiser University.

The Keiser Family continues to contribute to Broward County and the State of Florida, not only through their educational institutions, but also through philanthropy. Keiser University will celebrate their 30th Anniversary in 2007.

Madam Speaker, I proclaim January 31, 2007, as Keiser University Day in the 23rd Congressional District.

HONORING THE LIFE OF PERCY
LAVON JULIAN

SPEECH OF

HON. JOHN LEWIS

OF GEORGIA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, January 30, 2007

Mr. LEWIS of Georgia. Madam Speaker, today we honor one of the most accomplished scientists of the twentieth century; a man who would not be deterred by racial bias. Today we honor the life and research of Dr. Percy Julian.

Dr. Julian worked tirelessly, and won acclaim for his work in organic chemistry. A brilliant chemist, Dr. Julian developed a treatment for glaucoma, a new process to produce cortisone, and a fire retardant used by the US Navy, which saved countless American lives during World War II. Throughout his distinguished career Dr. Julian was awarded an impressive 105 patents. His many scientific accomplishments led to his election as a member of the prestigious National Academy of Sciences in 1973.

Dr. Percy's contribution to the study of science is remarkable, yet we cannot forget the racial barriers that Dr. Julian was able to overcome. Born the grandson of Alabama slaves, Dr. Julian was a civil rights pioneer. Dr. Julian was forced to fight through racial prejudice and intimidation to establish himself as a pre-eminent chemist. Let us not forget, as the first African-American family to live in the Chicago suburb of Oak Park, the Julian house was fire-bombed in 1950. And again, on June 12, 1951, the Julian house was attacked, this time with dynamite. Yet, through it all, we should not forget the courage he displayed and his perseverance.

We, as a nation, owe much to Percy Julian and it is a privilege to honor him today.
